

**Autumn Lecture**  
**Water Efficiency into the Future**  
**6.00 p.m. Wednesday 28<sup>th</sup> October**

All Liverymen and members are invited to join the first ever Worshipful Company of Plumbers Autumn Lecture to be held via Zoom webinar and kindly hosted by CIPHE from 18.00 - 19.15.

**Speakers:**

- Julie Spinks, Managing Director - Water Regulations Advisory Scheme
- Yvonne Orgill, Managing Director - Unified Water Label

***Use less water or waste less water?*** Net-zero carbon targets dominate the agenda whilst the use of water, a finite resource, still does not command public and legislative attention required. Julie and Yvonne will each speak on the current position, the actions already underway and future strategies for water efficiency. Then there will be about 30 minutes available for questions and discussion, moderated by Court Assistant Richard Soper.

To attend this free event, please click onto the link below to register in advance:
