- (b) A person is able to exercise the right to vote at a General Meeting when:
- (i) that person is able to vote, during the meeting, on resolutions put to the vote at the meeting, and
 - (ii) that person's vote can be taken into account in determining whether or not such resolutions are passed at the same time as the votes of all the other persons attending the meeting.
- (c) The Board of Trustees may make whatever arrangements they consider appropriate to enable those attending a General Meeting to exercise their rights to speak or vote at it.
- (d) In determining attendance and quorum at a General Meeting, it is immaterial whether any two or more members attending it are in the same place as each other. For the avoidance of doubt for the purposes of the quorum at a General Meeting all those Voting Members present whether or not they are in the same place as each other provided they are in a position to communicate to all those attending the meeting shall be included in the quorum.
- (e) Two or more persons who are not in the same place as each other attend a General Meeting if their circumstances are such that if they have (or were to have) rights to speak and vote at that meeting, they are (or would be) able to exercise them.

- (f) A Voting Member attending a General Meeting shall be entitled to vote either during the meeting or by way of a pre-delivered proxy, but their vote(s) shall not be counted twice.

- (a) by the Chairman; or
- (b) by a majority of the Voting members present.

Unless a poll is so demanded a declaration by the Chairman of the meeting that a resolution has been carried or carried unanimously or carried by a particular majority or lost, shall be conclusive, and an entry to that effect in the minute book of the Institute shall be sufficient evidence thereof without proof of the number of votes recorded in favour of or against such resolution. The demand for a poll may be withdrawn.

- 34. Except as provided by Regulation 37, if a poll is demanded it shall be taken in such manner as the Chairman directs and the result of the poll shall be deemed to be the resolution of the meeting at which the poll was demanded.
- 35. In the case of an equality of votes, whether on a show of hands or on a poll, the Chairman of the meeting at which the show of hands takes place or at which the poll is demanded, shall be entitled to a second and casting vote.
- 36. A poll demanded on the election of a Chairman or on a question of adjournment shall be taken forthwith. A poll demanded on any other question shall be taken at such

time as the Chairman of the meeting directs and any business other than that upon which a poll has been demanded may be proceeded with pending the taking of the poll.

40. The instrument appointing a proxy and any authority under which it is executed or a copy of such authority certified notarially or in some other way approved by the Board of Trustees may:
 - (a) be deposited at the Office or at such other place within the United Kingdom as is specified in the notice convening the meeting or in any instrument of proxy sent out by the Institute in relation to the meeting not less than 48 hours before the time for holding the meeting or adjourned meeting at which the person named in the instrument proposes to vote; or
 - (b) in the case of a poll taken more than 48 hours after it is demanded, be deposited as aforesaid after the poll has been demanded and not less than 24 hours before the time appointed for the taking of the poll; or
 - (c) where the poll is not taken forthwith but is taken not more than 48 hours after it was demanded, be delivered at the meeting at which the poll was demanded to the Chairman or to the Secretary or to any member of the Board of Trustees;

and an instrument of proxy which is not deposited or delivered in a manner so permitted shall be invalid.

41. A vote given or poll demanded by proxy shall be valid notwithstanding the previous determination of the

authority of the person voting or demanding a poll unless notice of the determination was received by the Institute at the Office or at such other place at which the instrument of proxy was duly deposited before the commencement of the meeting or adjourned meeting at which the vote is given or the poll demanded or (in the case of a poll taken otherwise than on the same day as the meeting or adjourned meeting) the time appointed for taking the poll.

Any Committee so formed shall in the exercise of the powers so delegated conform to any Rules that may be imposed on it by the Board of Trustees.
43. Notwithstanding the provisions of Regulation 43, the Board of Trustees may appoint a Chairman of any of its Committees and determine the period for which he is to hold office but if no such Chairman is elected, or if at any meeting the Chairman is not present within fifteen minutes after the time appointed for holding the same, the Committee members present may choose one of their number to be Chairman of the meeting.
44. All acts done at any meeting of the Board of Trustees or its Committees or by any person acting as a member of such Board or Committees shall, notwithstanding that it be afterwards discovered that there was some defect in the appointment of any such member or person acting as aforesaid or that they or any of them were disqualified, be as valid as if such person had been duly appointed and was qualified to be a member of the Board of Trustees or Committees.
45. A resolution in writing, signed by a majority of the Board of Trustees or of any of its Committees for the time being entitled to receive notice of a meeting of the Board of

Trustees or of any of Committees (as the case may be) shall be as valid and effectual as if it had been passed at a meeting of the Board of Trustees or of any of its Committees duly convened and held and may consist of several documents in the like form each signed by one or more members.

A member of the Board of Trustees, or of one of its Committees, may participate in a meeting of the Board of Trustees or of the Committees (as the case may be) by means of a conference telephone or any electronic communication equipment, which allows all persons participating in the meeting to hear each other. A participant shall be deemed to be present in person at the meeting and shall be entitled to vote or be counted in a quorum accordingly. The meeting shall be deemed to take place where the largest group of those participating is assembled or, if there is no such group, where the Chairman of the meeting then is.
